

# Domains for forecast assessment in South America

**Fabio Rocha,** Ariane Frassoni, José Roberto Rozante, Julio Pablo Fernandez, Diogo Arsego, Marcelo Barbio

INPE/CPTEC

#### Model intercomparison project in South America

## Initiative of the University of São Paulo: http://www.master.iag.usp.br/num/externas/3/

Model intercomparison project domains. South America, Northeastern region, Northern region

The system will be implemented at CPTEC in partnership between with Unesp

2-meter temperature Root Mean Square Error

### **Motivation**

IPCC climate reference regions for subcontinental analysis of climate model data

IPCC v3, AR5

Iturbide et al., 2020 https://doi.org/10.5194/essd-12-2959-2020

#### Domains based on IPCC

#### Motivation

IPCC climate reference regions for subcontinental analysis of climate model data

IPCC v4, AR6

Iturbide et al., 2020 https://doi.org/10.5194/essd-12-2959-2020

#### Domains based on IPCC

#### IPCC v4, AR6

The new domains will be implemented in the modeling branch to compute the scores of the new CPTEC modeling system -**MONAN**
